

# 5 top tips for a workplace Cake Break

Get your colleagues together and raise some serious dough at your Cake Break.

## Ready, steady, bake!

Hold your very own Great British Bake Off and battle it out with your colleagues for the coveted title of star baker. Why not get your bosses to channel their inner Paul Hollywood and pick the winning cakes!

## Get inspired

Try one of our delicious recipes from some of the nation's favourite celebrity chefs at [cakebreak.org.uk](http://cakebreak.org.uk). Whether you're looking for something classic, easy, gluten-free or vegan, we've got a recipe for you.

## Play the games

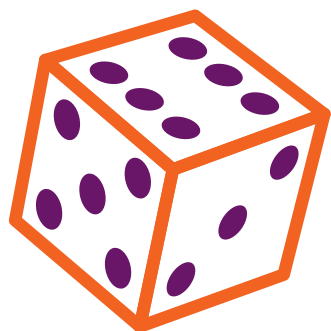

Help raise some extra cash by getting your colleagues involved in some party games with a tasty twist. You'll find two brand new games for you to play in your Cake Break pack and on our website.

## Waste not, want not

Cake left after the sale has finished? Take a tray round to your colleagues and sell the last few bits and pieces. Don't let your baking efforts go to waste!

## Spread the word

Make sure everyone knows about your Cake Break. We've got posters, invites and press release templates to help you make some noise. Visit [cakebreak.org.uk](http://cakebreak.org.uk) to download all of our resources.
